

Lisle Alumni Update
The Carlin Nalley Foundation
www.lislealumni.com

Greetings LHS Alum!

Hope this letter finds you and yours doing well, surviving the rough economy, and looking forward to spring weather. We want to give you something even better to look forward to!

This seemed like an appropriate time to write as we are just a little under one year from our second All-Years Reunion. We don't have a catchy name for it like LISLE50 in March, 2008, but we have quite an event planned for LHS alums. After a pair of review meetings shortly after LISLE50 it was determined that one very crowded night was just not enough for alums to catch up with everyone who was there. Gratefully all in attendance seemed to have a great time and folks wanted to know if we'd be doing it again soon.

So.....

The next All-Years Reunion will take place on Saturday, March 20, 2010 at the Lisle Hilton. Having done one already we have lots of ideas on how to make it even better. We also have built some activities around the reunion so festivities will actually begin Thursday, March 18 and will culminate in a faculty reception brunch on Sunday, March 21. In between, there will be a film festival of LHS cinema class films, an original alumni production as a tribute to Beverly Fiore, George Rapp, and Thespian Troupe 660, school tours, sock hop, pancake breakfast, individual class luncheons or dinners or gatherings, and more! We are working with local hotels for special room rates and local businesses for alumni discounts and specials. And I'm sure even more as we think of it. Go big or go home!

And it has been an awfully rough year for many, so who better to hang out with and check your cares at the door, than your high school chums, neighbors, friends, siblings, and cousins from Lisle days?

Now down to business.....

We really need your help to make this whole process work and get the desired results which is a fantastic, fun, and memorable few days back in the Arboretum Village. And do it on a budget, ours and yours!!!!!!

The following few pages outline the process as it currently exists along with our plea for you to sign up and spread the word about our new website and the movement to put together a permanent LHS Alumni Association. LISLE50 let the world know we were serious. The All-Years Reunion next March will be the official kick-off for what we know will be an organization that we all belong to and a source of pride for everyone.

So read on.....

Please plan on joining us and understand registration and timetable rules. The good news is we have done a nice job of getting this movement underway and sending off tens of thousands of dollars to scholarships at LHS. But we have no budget for staff and very little for communications, so we need everyone to spread the word and use the instructions here and on our website to sign-up and participate.

THAT.....would be spectacular. Read on and Enjoy!!!!!!

Class Dinners

All-Years Reunion at the Lisle Hilton

Sunday, March 21

Brunch- Faculty reception and brunch. A farewell meal to cap off the festivities and see faculty members from your LHS days.

Registration Timeline

This is where we really need your help! It is important that we have everyone registered as early as possible. We have commitments made to the Hilton and need to be accurate with head count. Also, there is a definitive ceiling on registration. Due to fire code, we MUST cut off registration at 1200, so it is absolutely first come-first served. Top that off with down-payments required, and we are dependent on folks getting registered and paid early. It is also the way to guaranty you'll have a spot at this can't miss event.

The following page is a simple registration form that we will be using to reserve your spot at the all-years reunion. Please fill it out and mail it in right away. Even though it is a year away, we must make payments to the Hilton along the way. If you were at LISLE50 you know we'll be at the 1,200 pretty quickly.

As for the other events, there will be a nominal fee or free of charge and more details will be available along the way at www.lislealumni.com
